- Name recognition in the event program and Nutrition Center E-Newsletter and other youth-related communications
- 1/8 page ad in the event program
- Invitation to luncheon with the Youth Gardeners in the summer of 2017

The Summer Youth Gardener Program is a 4-week intensive job training and leadership program for 14-18 year olds as part of the Nutrition Center's Lots to Gardens Program. Youth Gardeners work in our community gardens and kitchen helping to provide fresh food to their families and neighbors while gaining experience in leadership and community building. Youth participate in workshops led by their peers on topics such as hunger, food systems, and diversity, and learn hands-on gardening and cooking skills.

Help support a new crop of youth gardeners in developing a sense of connection, commitment, and accountability to themselves, their families, and their community. A sponsorship gift of \$1,200 will cover a stipend for one teenager to work and learn as a Summer Youth Gardener in 2017, plus direct expenses of offering the youth program: staff time, supplies, and transportation. Please join us in supporting Lewiston/Auburn youth!

Sponsorships are due by **Sept. 7th** for printed program recognition. Upon receipt of payment, you will receive an acknowledgment for tax deduction purposes and we will follow up for any materials needed to promote your sponsorship.

All sponsorships can be arranged to be anonymous.

Thank you for your support!
